Infinite RV

ABOUT US

Discover why we do what we do—and why we love it.

Our caravans are built for durability with the following features to set us apart from the market;

- **Built In House**
- **Lightweight**
- **Fully Insulated**
- **Meranti Timber or Riveted Aluminium Frames**
- **CNC Furniture to provide a Clean Finish and a Modern Design.**
- **One Piece Composite Roof & One Piece Flooring Options**

From OFF-ROAD to Extreme OFF-GRID capabilities that will help you reach destinations unknown. We equip our caravans with the latest technology so you don't miss a beat when traveling.

Our vast experience in manufacturing through times of change has allowed us to adapt and create the ultimate OFF-ROAD caravans Australia has to offer. Our Eco-Friendly, Bespoke options give us the edge in the competitive market.

OUR VALUES

AUSTRALIAN MADE

Everything from the design process to the build of each deluxe caravan is done right here at home.

TEAMWORK

Our customers mean the world to us; that's why we go out of our way to provide the care they deserve.

QUALITY & INNOVATION

We don't believe in cutting corners. Our work is driven by the utmost precision, innovation and quality.

TOP NOTCH SUPPORT

Our team is at the heart of our success. That's why we give them the support they need to flourish.

COMMUNITY

We're big believers in our local community. At Deluxe Caravans, we support businesses in our area.

ECO FRIENDLY OPTIONS

From faux leather to composting toilets, we ensure your carbon footprint on the road is at a minimum.

WHAT OUR CUSTOMERS SAY

How lucky we were to have stumbled across the Deluxe brand! We were thrilled to take delivery of our first caravan - a Deluxe Alpha - in late 2020. The entire process from initial price enquiry to taking delivery of the van was seamless. Our point of contact was readily available to answer any questions and also kept in contact with progress photos of the build. The Alpha layout is family friendly, the appliances are of great quality and the finishes inside the van are luxurious. We also love the look of the body of the van, which really turns heads. We could not be happier!

ANGELA AND DAN CARMICHAEL*Deniliquin, NSW*

We Love our Deluxe raptor family caravan, roomy modern design features. Comfy roomy bunks, big enough for adults, especially amazing for our growing boys. A washing machine, and out door shower, amazing feature especially after a day at the beach, before retiring to the indoor ensuite.. road tripping is amazing in our deluxe van!!! Highly recommend

TRACI LEANNE*Melbourne, VIC*

Set ourselves with a Deluxe Alpha Family Tourer! Fantastic company to deal with from start to finish. We added heaps of extras throughout the build and nothing was a hassle. The warranty claim was also handled exceptionally well. We will definitely be building again with Deluxe Caravans in the future.

MICHAEL AND AMY LONG*Moama, NSW*

After a lot of research into many Australian caravan builders we decided to go ahead with a 21.6ft triple bunk "Alpha" from Deluxe Caravans. From start to finish the process was made easy with their great ideas, communication and regular updates of the build including photos. They helped us customise this van to exactly what we wanted. While The standard inclusions and colour choices ticked most items off our 'want list' we had other needs met through their optional extras. Such as the external kitchen, extra water tank capacity, extra solar, large compressor fridge, lithium batteries, dust suppression system, 4 bike rack, full off-road independent suspension, upgraded gvm and more. Purchasing this caravan has been a great decision for our family, we use it regularly and in the near future plan to take it for a extended trip across the country.

LUKE & NICOLE*Hobart, Tasmania*

We saw our first Deluxe Caravan whilst away in 2019 and was instantly impressed. We then started looking for a new van, checking out all of the major brands and nothing came close to the quality and value of the Deluxe Van. Every extra that we wanted in a caravan that was an added extra with other suppliers, already came with the Deluxe and for a better price then any other caravan suppliers starting price. We got our Deluxe Alpha 12 months ago and could not be happier. Every caravan park we pull into we always have people wanting to look through and are amazed with the van. If your looking for the best quality and valued van on the market, make sure you check out Deluxe Caravans as that's what we recommend to family and friends.

LUCAS & BEC WHITE*Melbourne, VIC*

STORM BREAKER

Here at Deluxe Caravans, taking the scenic route is what we're all about. With the Stormbreaker, every journey is one to remember with its world-class interior and top-notch exterior and mechanical features. When you take to the road with your favourite people, you enjoy a spacious layout with all the facilities you expect from a luxury RV experience.

We don't just stop there-we make sure your adventures don't leave a mark on the environment. With its eco-friendly features, travel without the guilt but with all the joy you deserve.

ON THE INSIDE

The Storm breaker provides you with all the worldly comforts you can expect when you're on the road. With its plush and comfortable sleeping arrangements for the entire family, living quarters and fully equipped kitchen, enjoy every moment of your adventures with our world-class features.

We consider everything too; from your smart TV to air conditioning, water heating and reading lights, you have everything you need to take a piece of home with you on every trip.

ON THE OUTSIDE

With its solid, matte finish, our family caravan isn't just a treat on the inside but is extremely easy on the eyes too. Designed to take on the diversity of Australia's landscape and terrain, the Storm breaker possesses advanced mechanical systems including a powerful chassis and suspension system.

Enjoy powerful features like our heavy-duty wheels and family-friendly add-ons like a foldable picnic table to enjoy a caravan experience you've only seen in movies.
